

SUPER
REBELLION
K-Pi-反逆

HISTORY

Something happened in the year 203X.

The humanity succumbed against the power of a aliens intergalactic empire, but managed to organize and establish a resistance army. While their troops advanced in towards the Capital of the Aliens Empire on the Earth (CAEE), an squad was sent to fight against a fleet of more then 2,000 enemies spaceships that was positioned on the Earth orbit.

Enlist to the Rebels army and boarding in a space ship toward the fatal destiny.

ABOUT THE GAME

Super Rebellion is a shoot 'em up arcade.

The game has a ranking online, special attack and an exciting gameplay. Besides that, the history was inspired in japanese series, movies and musics. All there from 70, 80 and 90 decades.

Além disso, seu enredo e ambientação foram inspirados em séries japonesas, filmes e músicas. All from the 1970s, 1980s and 1990s.

Use special attacks on the crucial moments!

The special attacks are limited. They can be used when the item be collected. Use this with a strategy to defeat the enemies.

With a simple command, you init a attack that can change the story.

Where can you arrive?

The game has a limited number of life, six stages with a semi-procedural programming and a challenging difficulty level. The last stage (Episode 6) doesn't have end, making the game infinity to get up your score in the ranking.

You participate in the story according to your performance. The game have some finals that are showed when you are defeated. That is it: the finals show up on the Game Over! Where can you arrive? Be a legend, an hero or stay in anonymity.
Try save the humanity!
